Hi David,

Attached is our draft memo that outlines what we believe are the steps and data necessary, and their legal basis, to institute a FOIA processing system and protocol that establishes program capacity and works within such capacity.

Though we have worked with the FOIA policy shop in developing this draft, they have not had an opportunity to fully review it, nor has the Chief FOIA Officer, Dan, or DOJ. But, given your timeframe, I wanted to share it with you. We will continue our internal review and any necessary clean-up, but welcome your input on it.

Thanks,

Tim

Good morning, For your review, please find the attached FOIA request for all photographs taken by Executive Photographer Tami Heilemann since March 1, 2017. The Department's search located 301 GB of material that has been converted to 228 PDFs. OS FOIA is recommending that this material be released in full. SOL has concurred with that determination.

Due to the size of the records, we are unable to transmit them electronically; however, I am happy to make the records available via an external hard drive upon request.

Please note, this material has also been requested by four other requests: OS-2018-00384, OS- 2018-00437, OS-2018-00567, and OS-2018-00625.

Please provide confirmation that you have received and reviewed these records.

Feel free to contact me with any questions.

Thank
you,

Hi

Downey-

Last Thursday, you were provided with a batch of FOIA documents for your awareness review. These documents are proposed for release in order to comply with a court order in *Friends of the Earth v. Department of Interior*. The court had issued an order on March 20th, requiring the DOI to process 1,000 documents per month and produce them starting on April 15, 2018. Unfortunately, the Department missed the first deadline. The plaintiff has not filed a contempt motion at this point, in part because we told them that we would release this first batch of documents no later than May 2nd (tomorrow). We would very much appreciate it if you could complete your awareness review as soon as possible so that we can release these documents by COB tomorrow.

thank you, and let us know if you have any questions.

Hi Dan and Laura, Rachel Spector of SOL has concurred with OS' proposed withholdings for a partial response for a current litigation. OS is still drafting a response letter, but thought it expedient to begin the awareness review process based on the potential complexity of the documents. The underlying request seeks the resumes of all political appointees. My current understanding of the awareness review protocol is that each political appointee may be required to perform a review.

Clarice suggested reaching out to you two for clarification, because the additional

personnel conducting reviews may prevent our proposed production deadline of

the end of this month. In the alternative, if both of you are comfortable with serving as the sole reviewers, the production deadline should easily be met. We are intending to complete the review process before COB May 25, 2018. OS-2018-
